

JOURNAL OF THE Tennessee Academy of Science

VOLUME LVI

NUMBER 4

VOLUME LVI, 1981

NUMBER 1, JANUARY

| | |
|--|------------|
| The Success of Alien Angiosperm Species in Chicamauga Battlefield. G. S. Van Horn | 1 |
| A Contribution to the Ecological Life Cycle of <i>Astragalus tennesseensis</i> . J. M. Baskin and Carol C. Baskin | 4 |
| The DNA in Primary Spermatocytes of <i>Drosophila virilis</i> . M. L. Beck and F. E. Clayton | 6 |
| Protein Band Distribution in Three Species of Planarians Using Isoelectric Focusing in Polyacrylamide Gels. S. N. Brown and M. R. Wells | 9 |
| Doline Growth Patterns on the Western Highland Rim: Initiation to Steady-State Conditions. P. R. Kemmerly | 12 |
| Scimitar Cats, <i>Homotherium serum</i> Cope from the North American Fissure Distribution of <i>Homotherium</i> . V. M. Rawn-Schatzinger and R. L. Collins | 15 |
| Methods Useful in Distinguishing Microtines Sympatric with the Subgenus <i>Pedomys</i> . W. D. Severinghaus | 20 |
| Food of Largemouth Bass Before and During the First Three Years After Impoundment or West Point Reservoir, Alabama and Georgia. T. J. Timmons, W. L. Shelton and W. D. Davies | 23 |
| Effect of Drought Stress on Transpiration Rates and Leaf Areas of <i>Astragalus tennesseensis</i> , a Near Endemic to Cedar Glades. C. C. Baskin, J. M. Baskin and E. Quarterman | 27 |
| Effect of Neocortical Insult on Forebrain Catecholamine Content in the Rat. Michael L. Woodruff and Ronald H. Baisden | 31 |
| Concretions from the Eocene Sands of Western Kentucky and Tennessee. Armin L. Clark | 34 |
| TAS News, Events and Announcements | 10, 11, 36 |

NUMBER 2, APRIL

| | |
|---|----|
| New President of the Tennessee Academy of Science | 37 |
| A Report of the Biological Field Stations of Tennessee. Wintfred L. Smith | 38 |
| Tech Aqua Biological Station. Robert E. Martin | |
| E. J. Meeman Biological Field Station. Neil A. Miller | |
| A. D. Oxley Biological Field Station. Robert A. Carlton | |
| Atmosphere, Energy, and the 1980's: Highlights of the 1980 Theme | 38 |
| Acid Rain: An International Problem, A National Responsibility. David S. Shriner | 38 |
| Atmospheric Carbon Dioxide: Implications for World Coal Consumption. Gregg Marland | 39 |
| Power-Plant-Induced Rainfall Modification: Fact or Fiction. Ari N. Patrinos and Robert L. Miller | 39 |
| Proceedings of the Tennessee Academy of Science. Diane R. Nelson | 40 |
| TAS New Members—1980 | 46 |
| Abstracts of Research Presented at the Annual Meeting | 47 |
| First Occurrences of <i>Cyrena colini</i> and <i>Dispharynx</i> sp. in Bobwhites in Tennessee. W. Alan McRae and Ralph W. Dimmick | 55 |
| Seasonal Prey Capture by the Scissor-Tailed Flycatcher | |

| | |
|---|---------|
| A Description of the Pleistocene Faunal Remains Recovered From Finger Quarry, Blount County, Tennessee. Neil D. Robison | 68 |
| An Oscillation Theorem For a Second Order Sublinear Differential Equation with Delay. V. M. Sakhare | 71 |
| TAS News, Events and Announcements | 65 & 72 |

NUMBER 3, JULY

| | |
|---|--------------|
| A Survey of Pollution Indicator Bacteria in Water Wells of Rutherford County, Tennessee. Larry C. Brown and Carolyn W. Broughton | 73 |
| Sporulation and Zonation in <i>Stemphylium</i> . Frederick T. Wolf | 75 |
| Host Specificity of Mistletoe in Middle Tennessee V: Williamson County. Thomas E. Hemmerly | 77 |
| Two New Species of Water Mites (Acarina: Arrenuridae, Genus <i>Arrenurus</i> , Subgenus <i>Micruracarus</i>) with Redescriptions of Two Closely Related Species. James L. Wilson | 78 |
| Early Development of the Longear Sunfish, <i>Lepomis megalotis</i> (Rafinesque). Bruce L. Yeager | 84 |
| History of the University of Tennessee Arboretum Society. Eunice Begun | 88 |
| A Checklist of the Vascular Plants of Chickamauga and Chattanooga National Military Park. Gene S. Van Horn | 92 |
| Forest Characterization and Biomass Estimates for Two Sites on the Cumberland Plateau. G. S. Ramseur and J. M. Kelly | 99 |
| Spring Movements of Smallmouth Bass in the Wilson Dam Tailwater, Alabama. Wayne Hubert | 105 |
| Nuclear Changes in <i>Acanthamoeba</i> During Preencystment. Gus Tomlinson | 107 |
| TAS News, Events and Announcements | Covers 3 & 4 |

NUMBER 4, OCTOBER

| | |
|---|-----|
| Table of Contents, Volume LVI, 1981 | 109 |
| Initiation of Developmental Biology in the People's Republic of China. Harold H. Lee and Leaf Huang | 110 |
| Biographical Index II. James X. Corgan | 112 |
| Thermal Preference of the Eastern Pipistrelle Bat (<i>Pipistrellus subflavus</i>) During Hibernation. Alan Rabinowitz | 113 |
| Occurrence of the Hairy-Tailed Mole in Claiborne County, TN. John H. Copeland | 114 |
| Intestinal Helminths from Wild Turkeys of Shelby Forest Wildlife Management Area. A. L. Newsome, K. W. Bafundo, T. L. Turpin and W. E. Wilhelm | 115 |
| Dr. Max Albert Bredig (1902-1977: A Note of Remembrance). Carlos E. Bamberger | 116 |
| County Records of Vascular Plants in Tennessee. Gene S. Van Horn and Larry G. Williams | 117 |
| Effect of PCB (Aroclor 1254) on Reproduction, Behavior, and Survival of <i>Hydra viridis</i> . James A. Adams and Warren G. Lawson | 119 |
| Aspects of Environmental Disassociation Among the Quechua-Speaking Populations of Rio Napo, Amazonian Ecuador. Charles M. Fugler and James C. Sabella | 122 |
| A Late Pleistocene Record of the Heather Vole (<i>Phenacomys</i>) | |
